

Smartphone Videography.

Tips and tricks

Kenapa Smartphone Videography?

Teknologi

Smartphone semakin canggih, didukung aplikasi yang semakin mudah. Hampir semua orang memiliki

Era Video

Kebutuhan video untuk pekerjaan, jualan, belajar, liburan. Media sosial semakin fokus pada video

Peluang

Skill video bisa menjadi peluang mendapatkan penghasilan tambahan atau utama

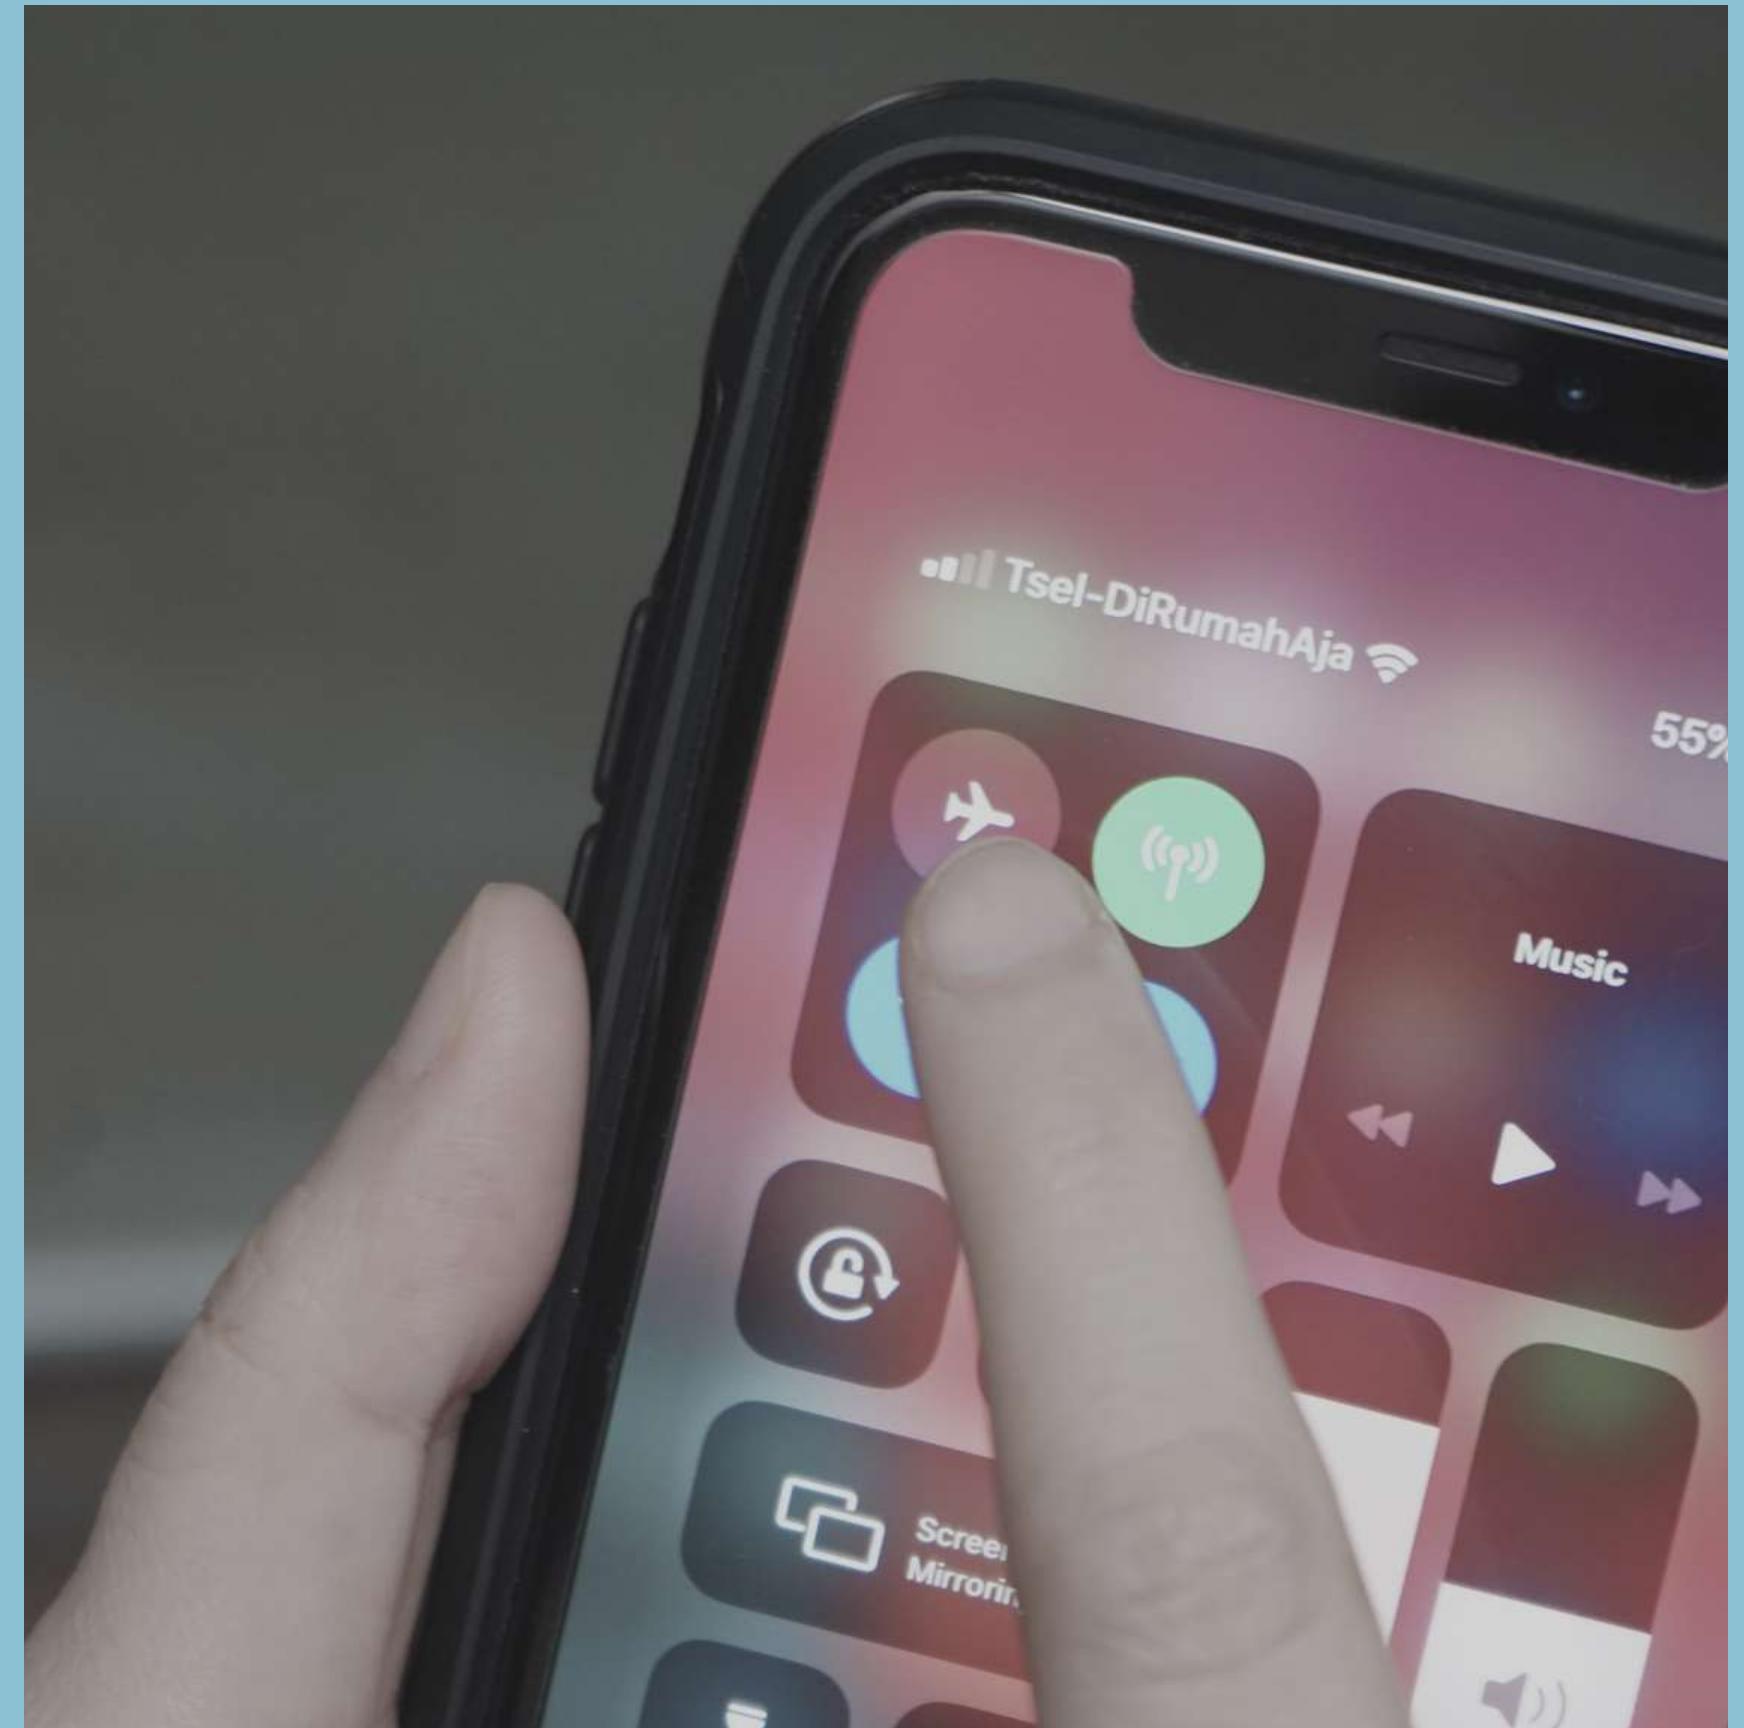

Tips Dasar Smartphone Videography.

#Tips 1

**Air Plane
mode: ON**

- Agar tidak terganggu notifikasi
- Menghemat baterai

mojo.logy

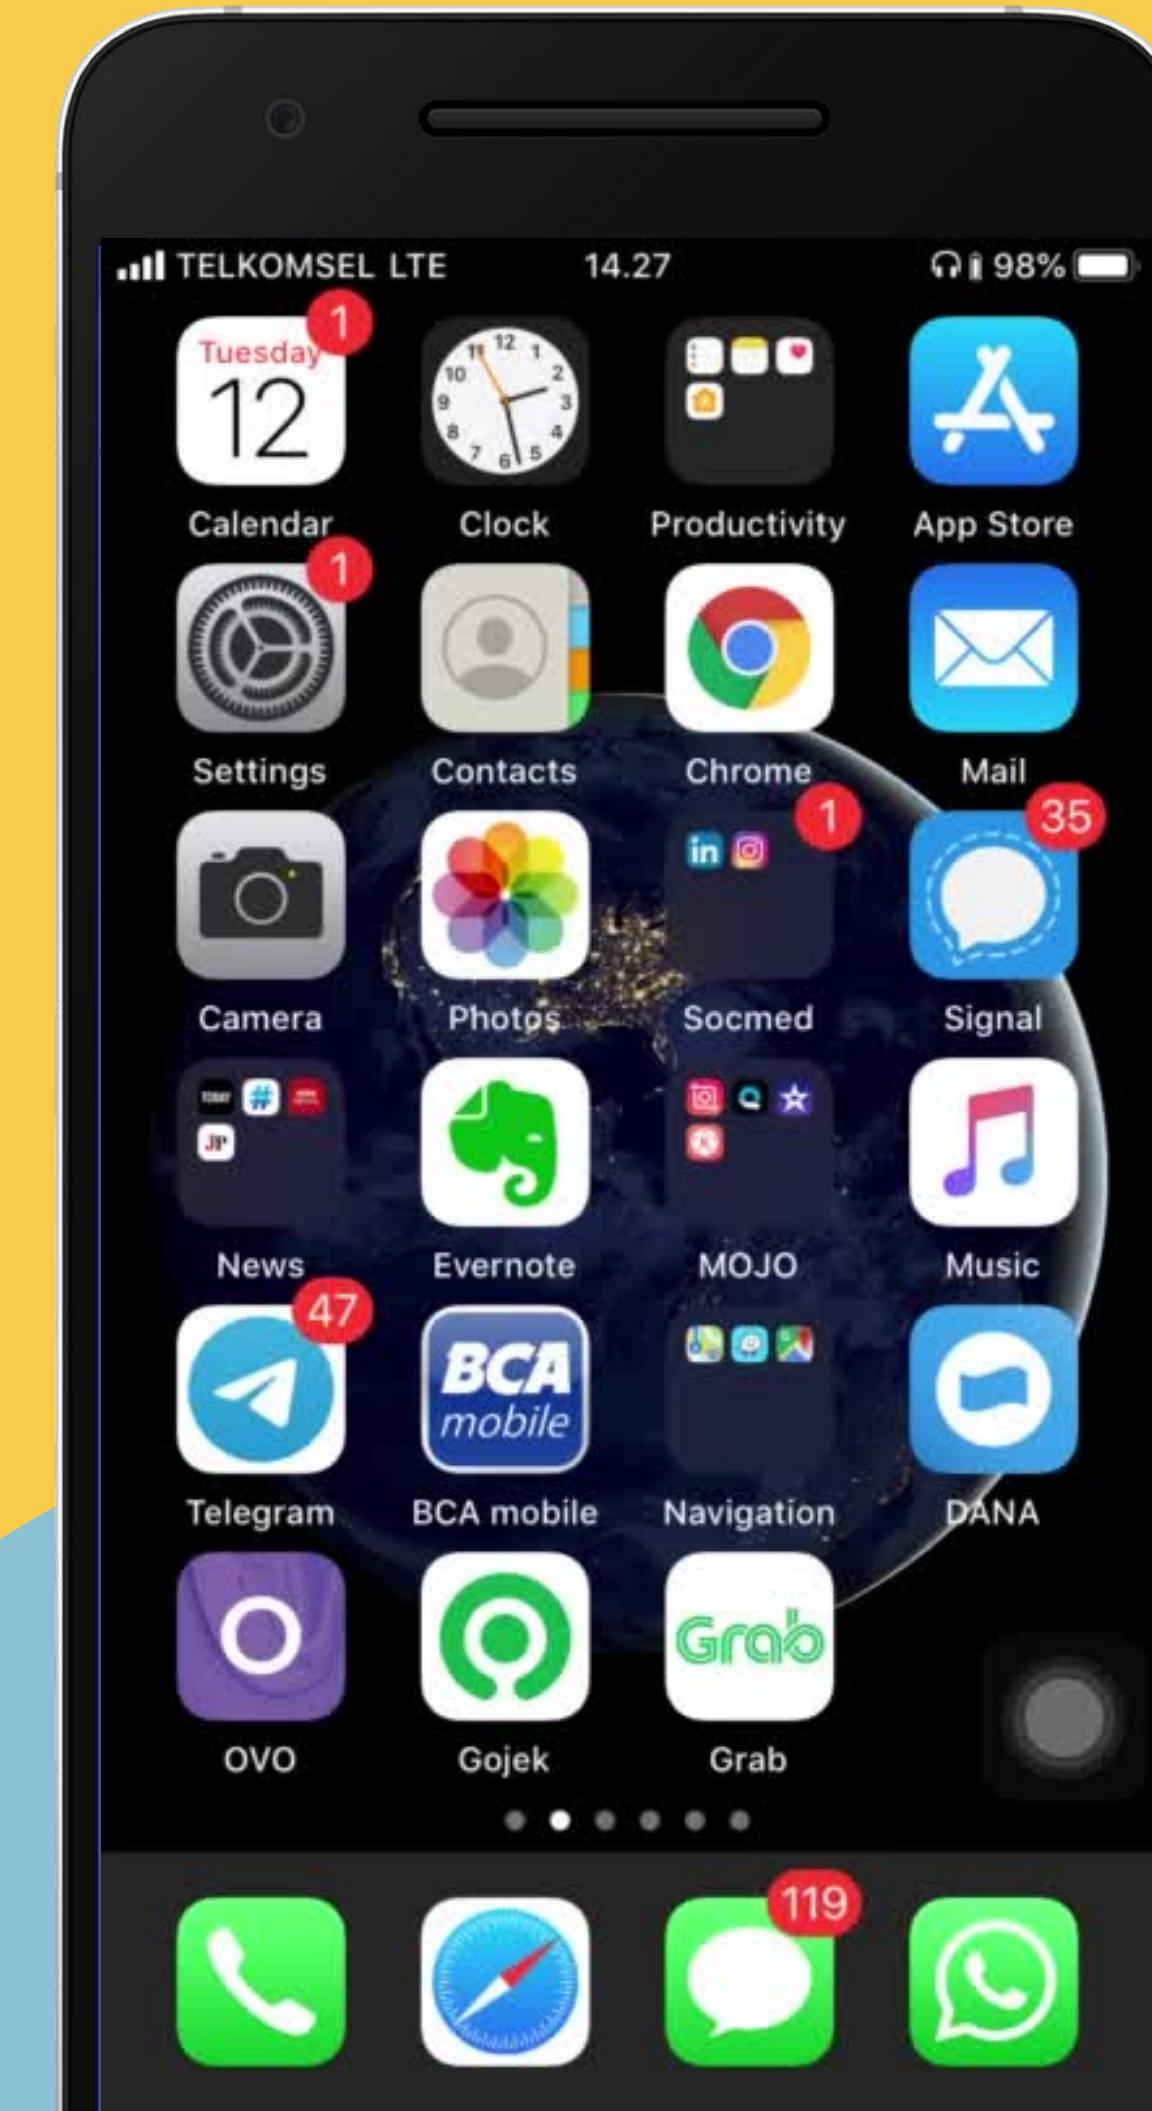

#Tips 2

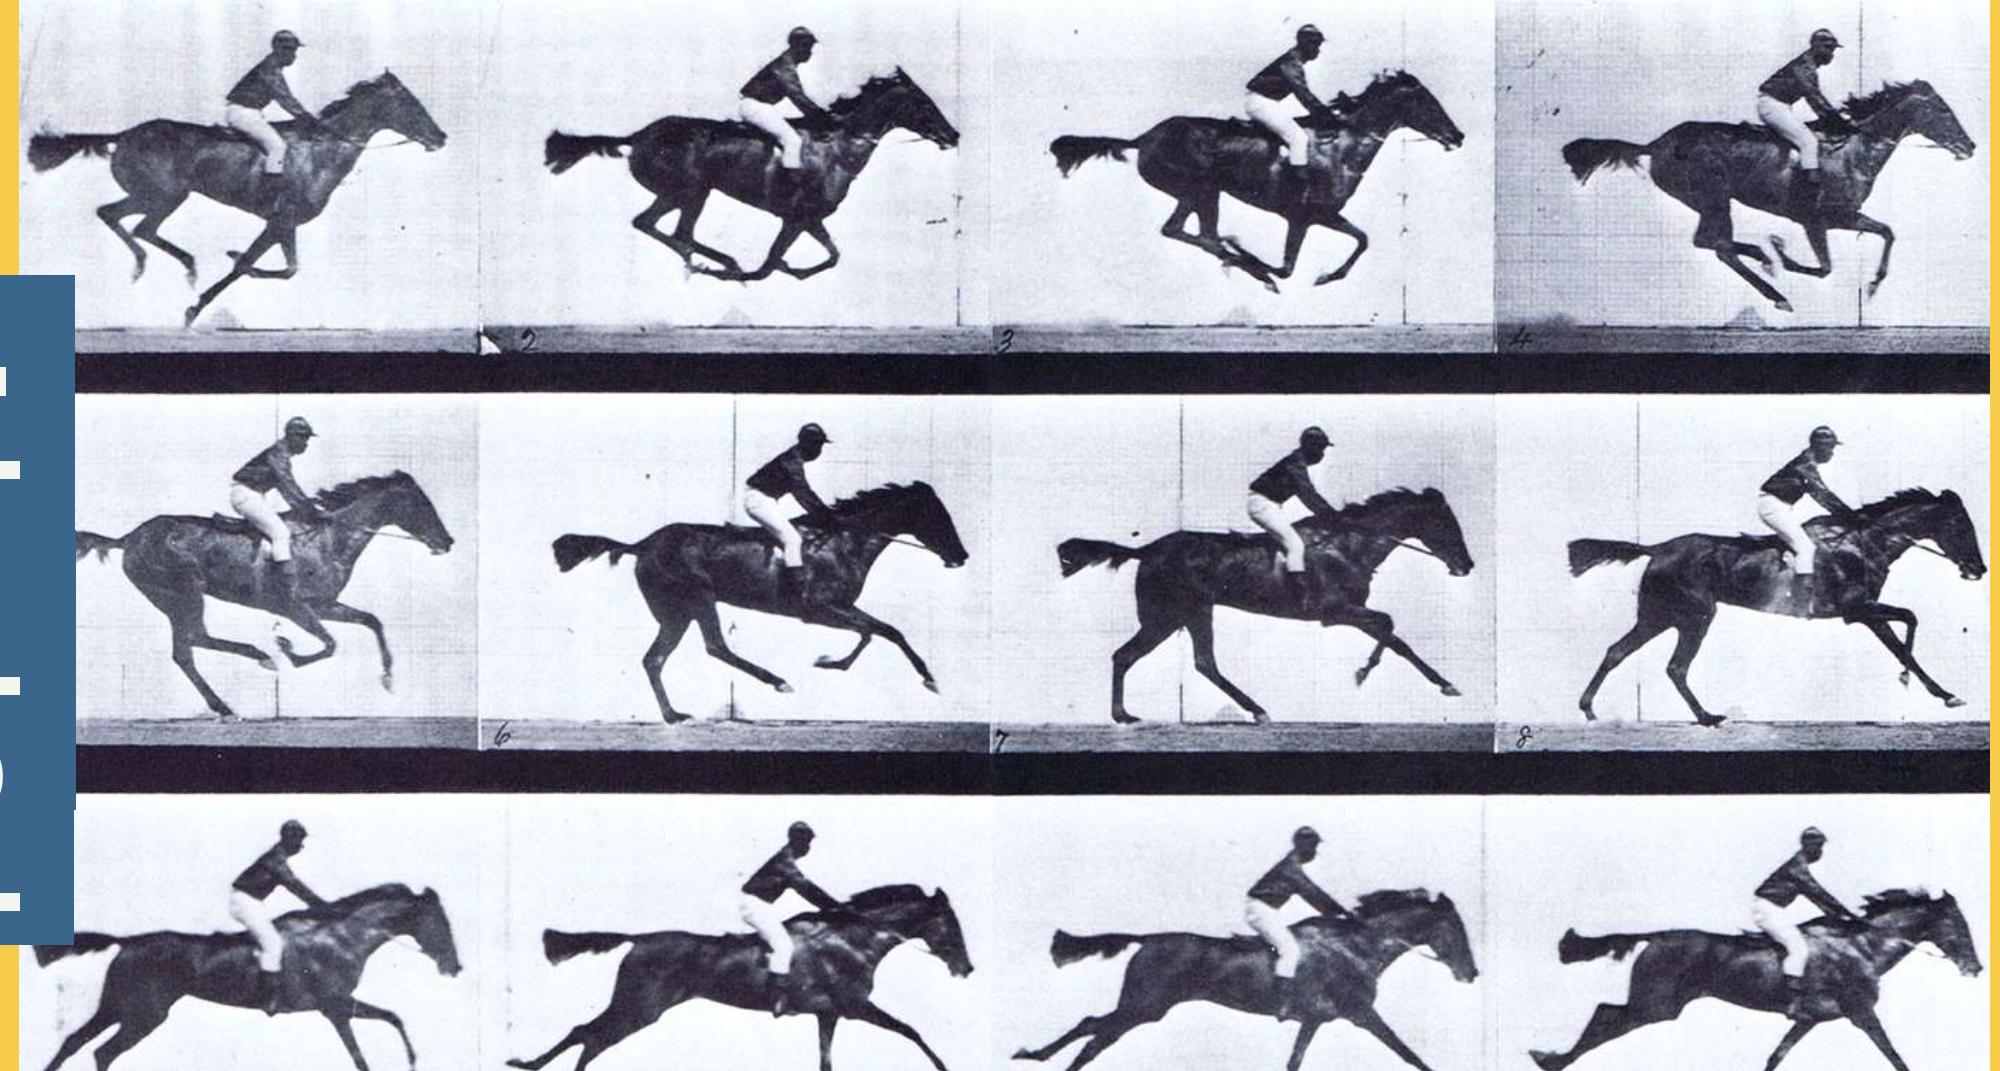

Pilih resolusi

- Minimal 720p (HD)
- Pilih frame-rate (FPS) yang sesuai
- FPS standar: 30

mojo.logy

Frame per- Second (FPS) Apa itu?

Jumlah munculnya gambar (frame) secara berurutan dalam satu detik. Jadi, jika video direkam 24 fps, berarti dalam satu detik video itu menampilkan 24 frame gambar

#Tips 3

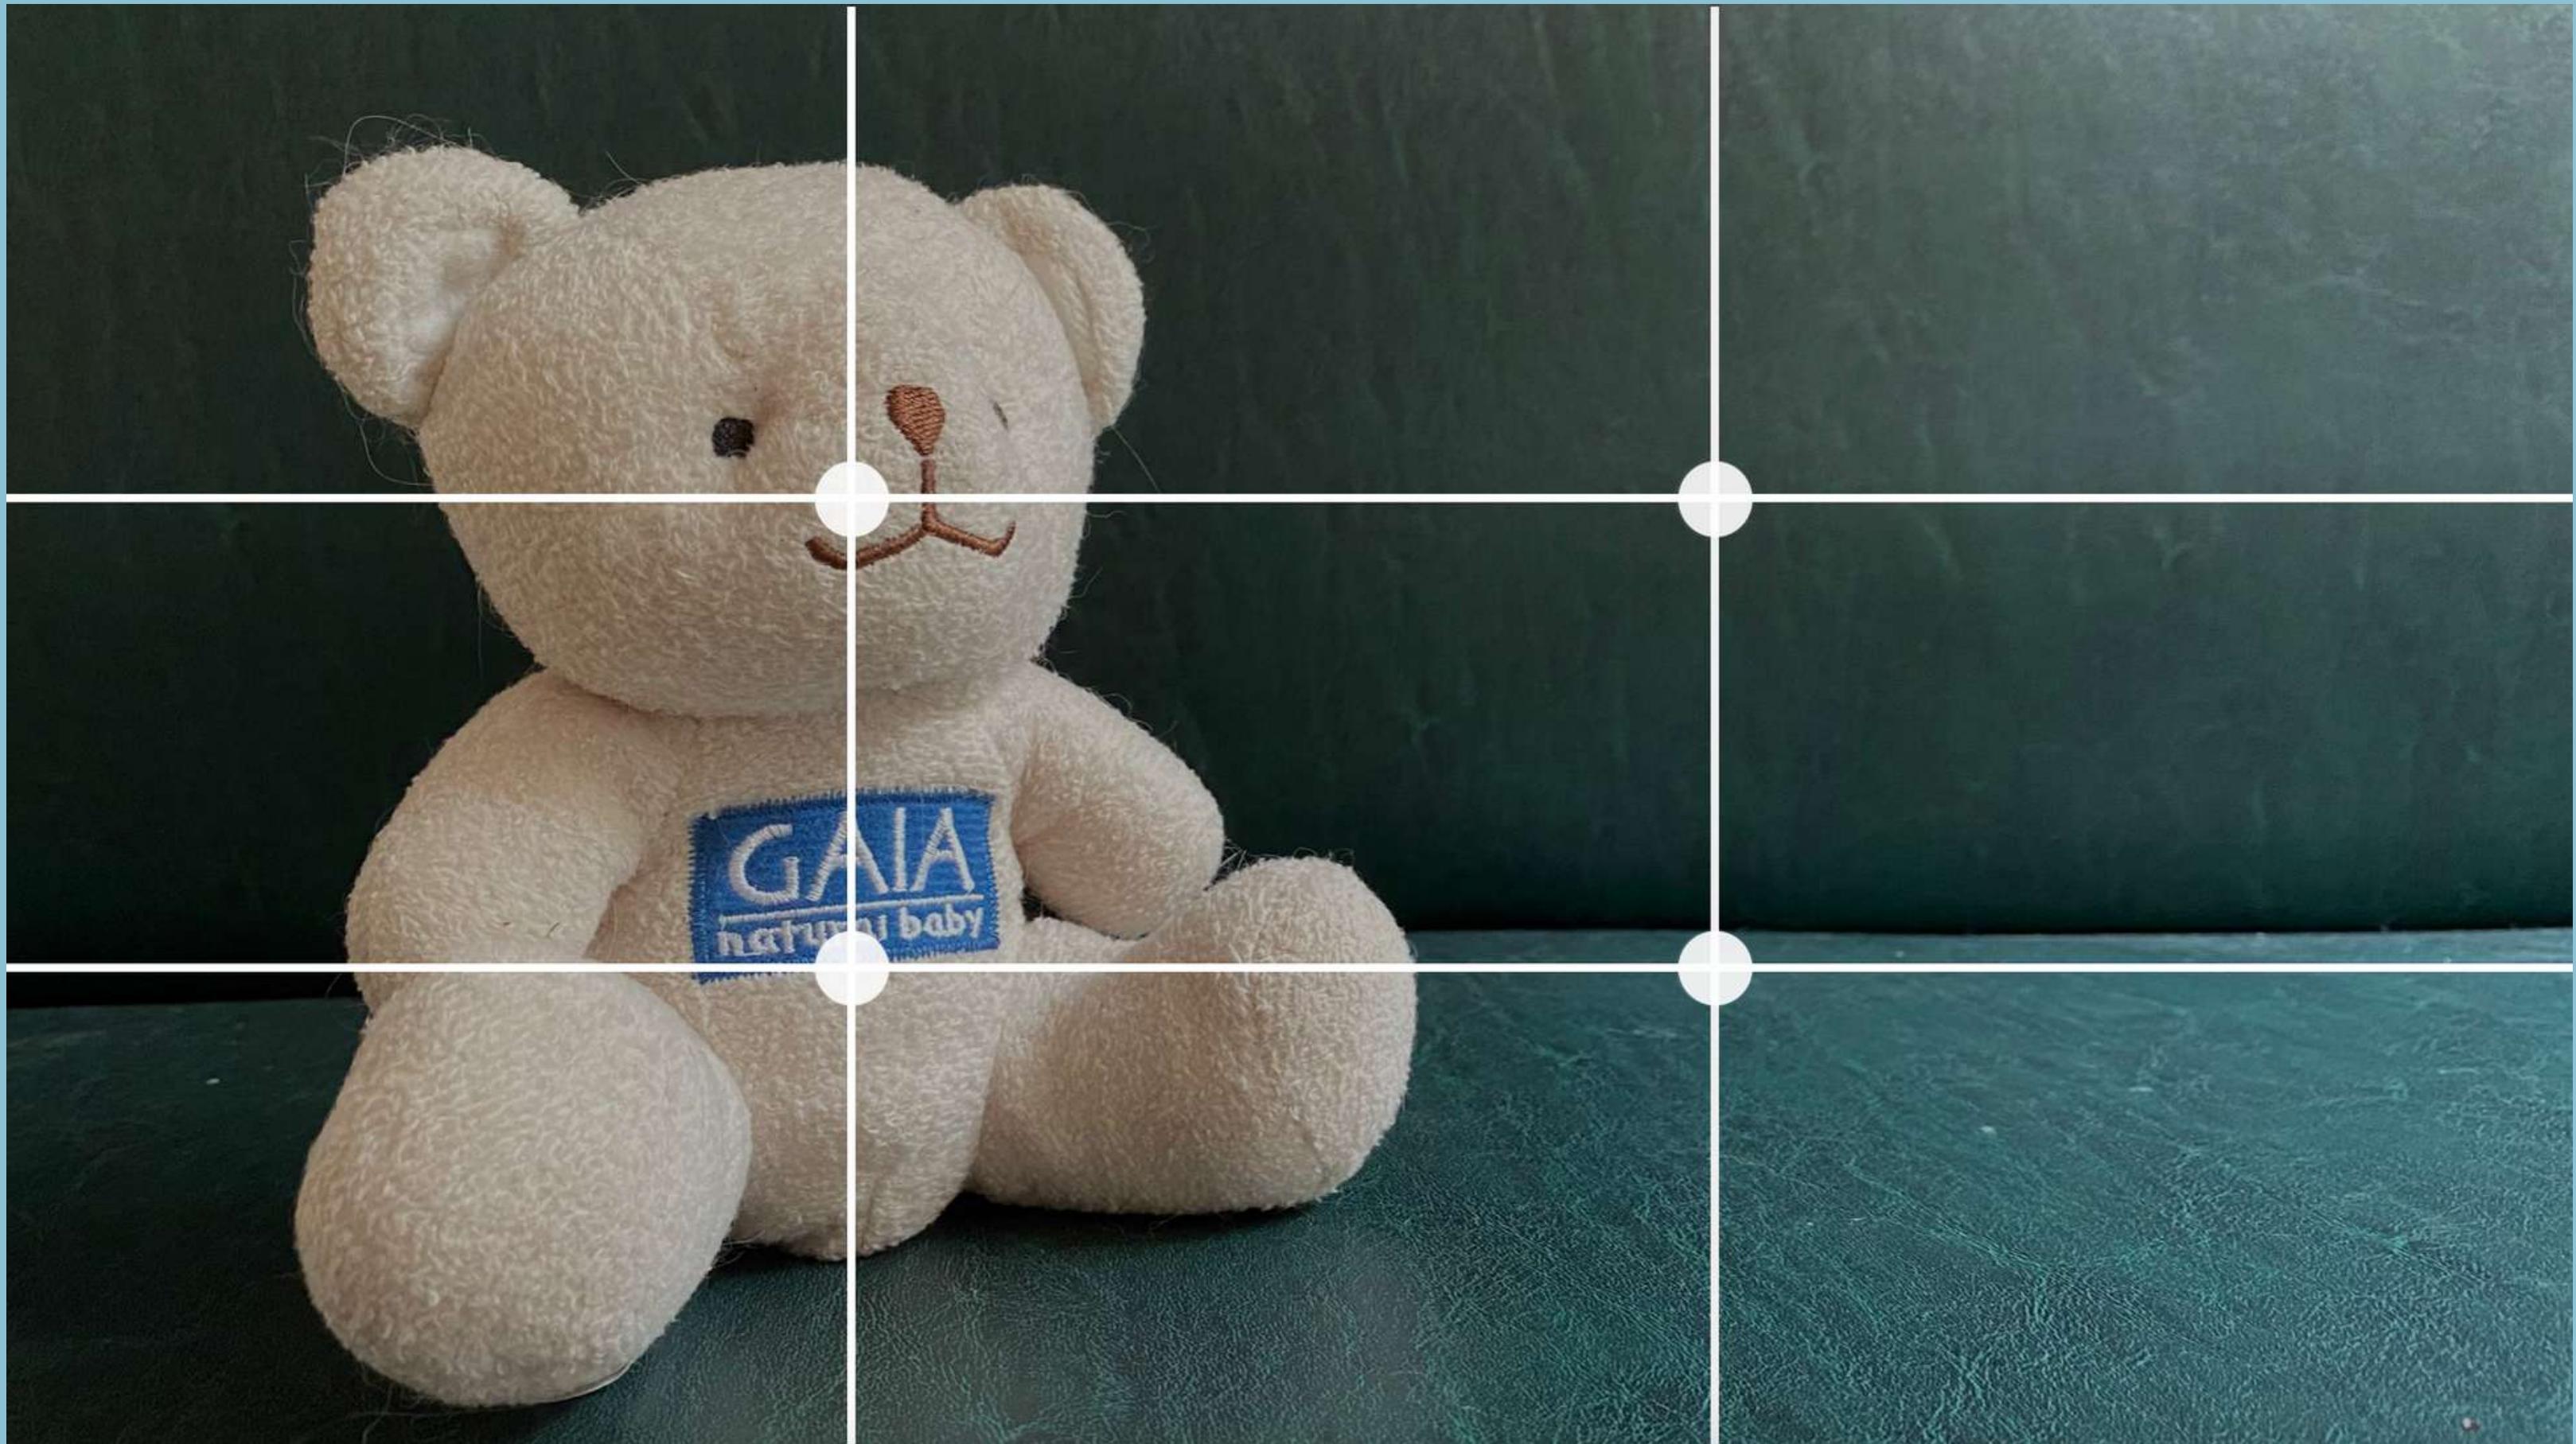

**Aktifkan
Grid Line**

- Untuk panduan komposisi rule of thirds

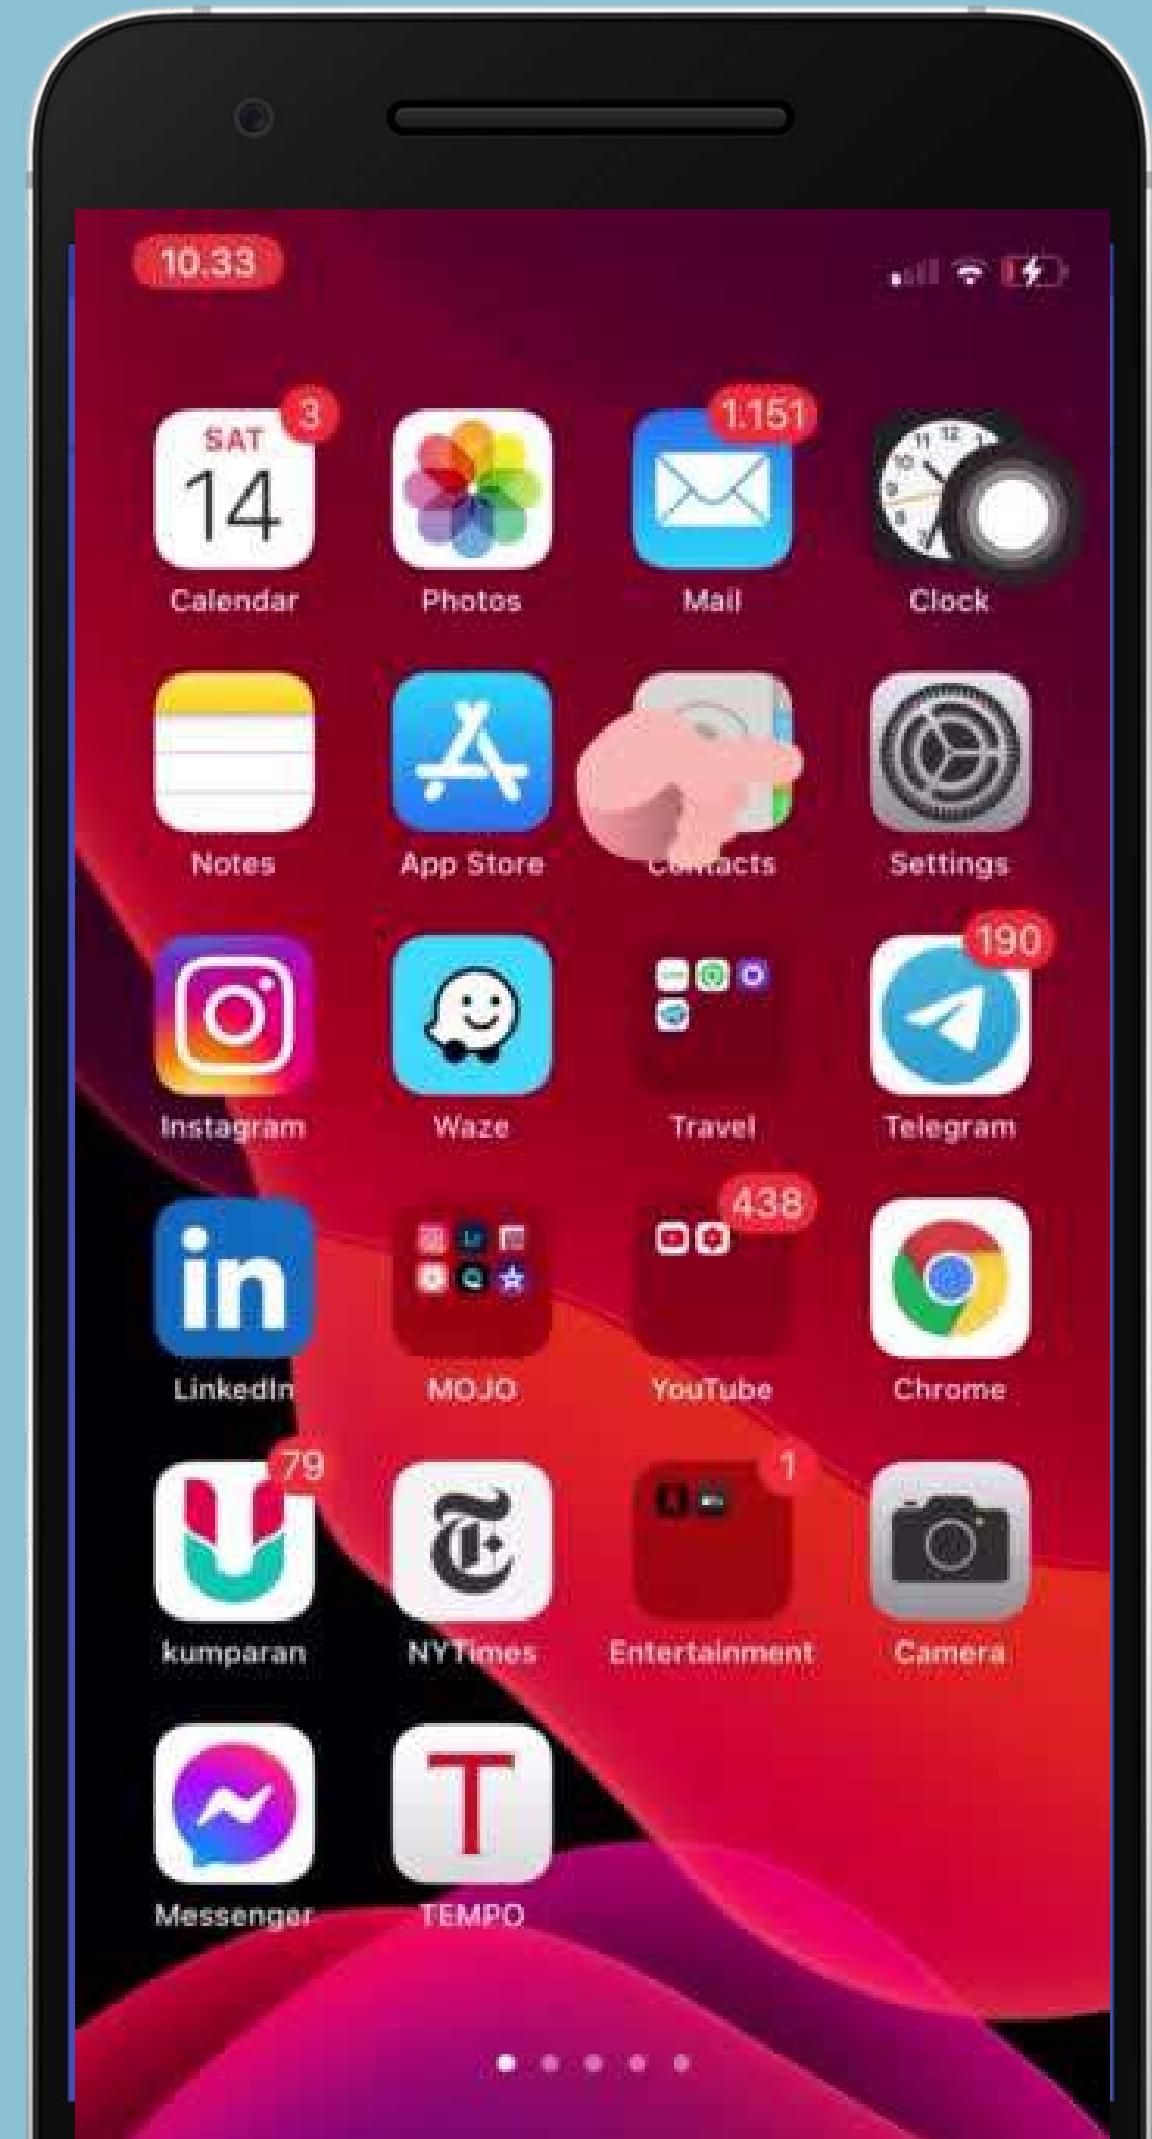

Rule of Thirds

mojo.logy

Aktifkan Grid-line di iPhone

mojo.logy

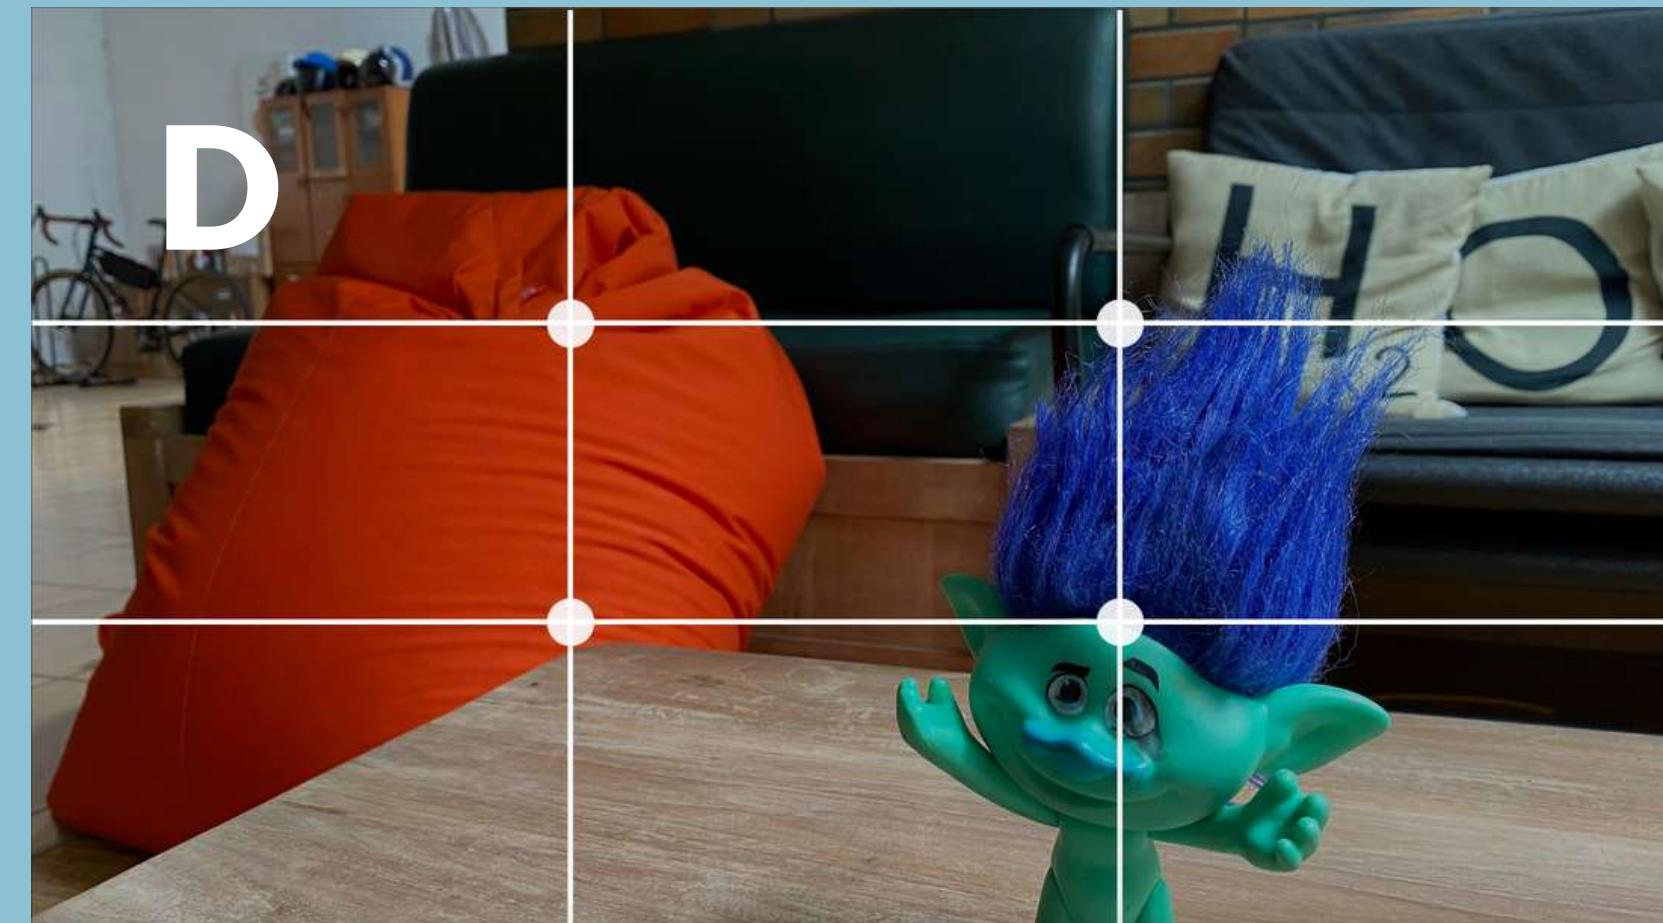

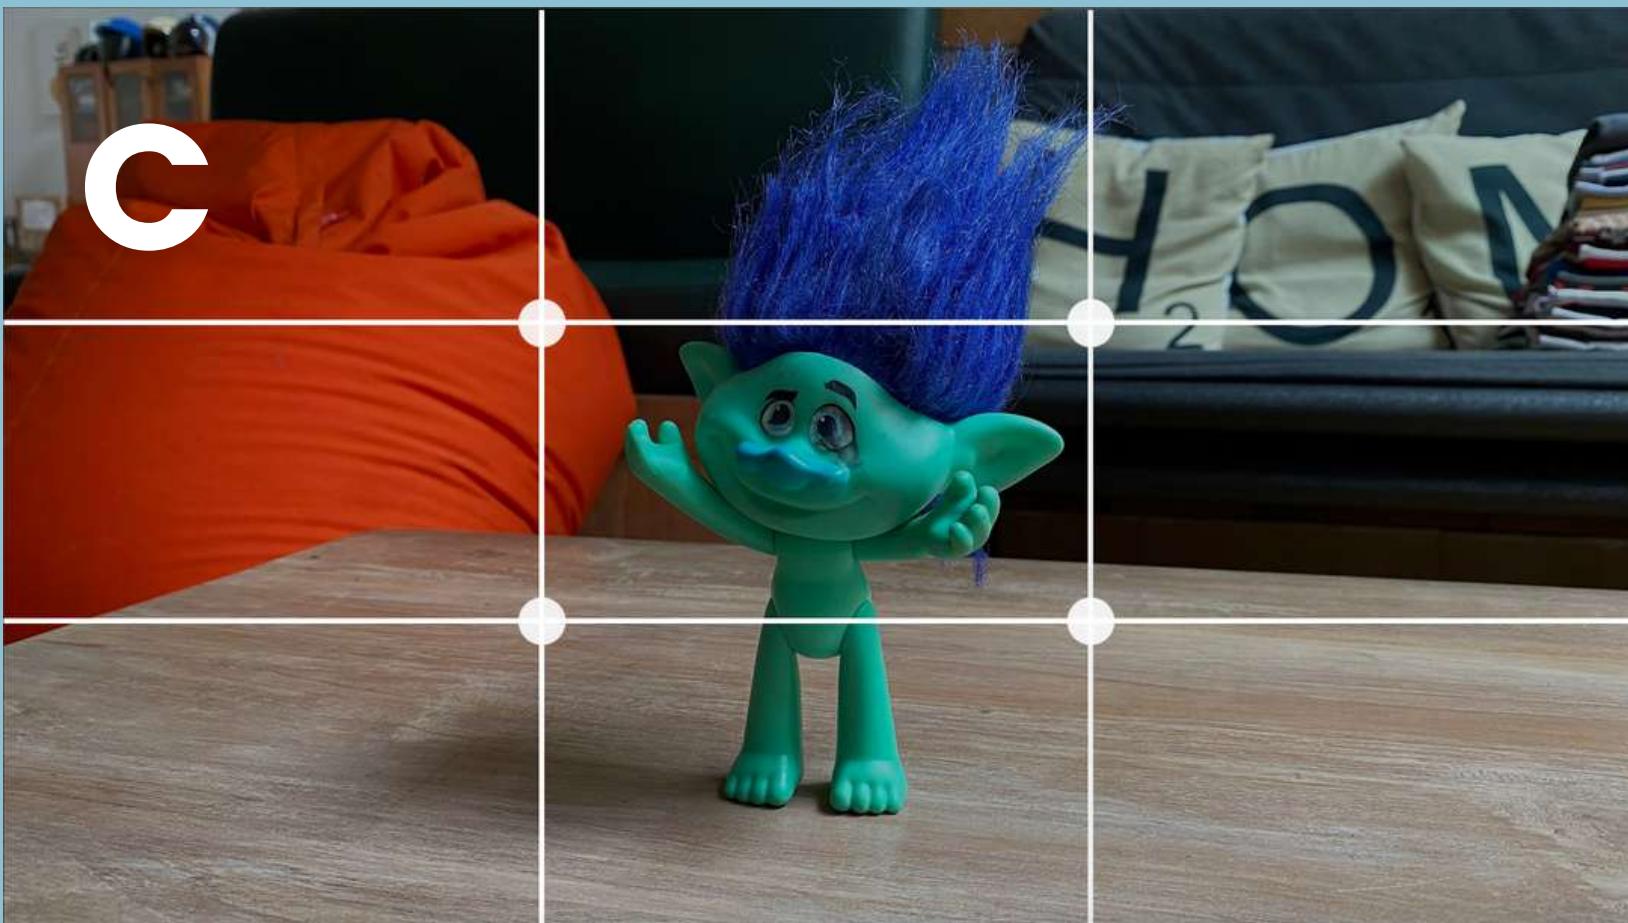

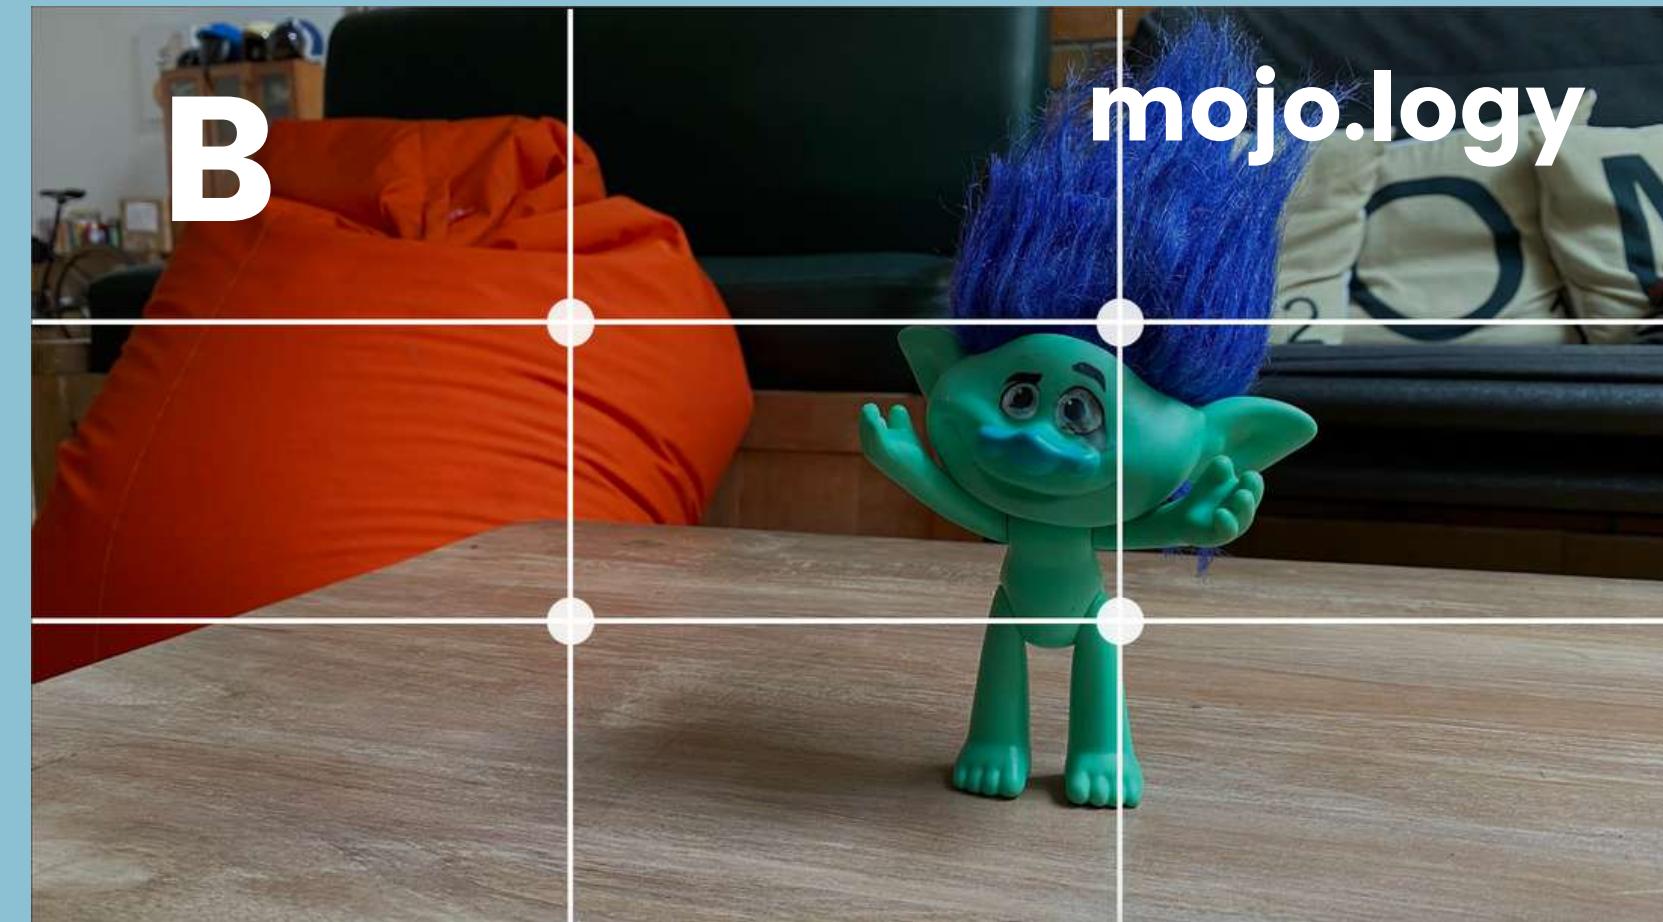

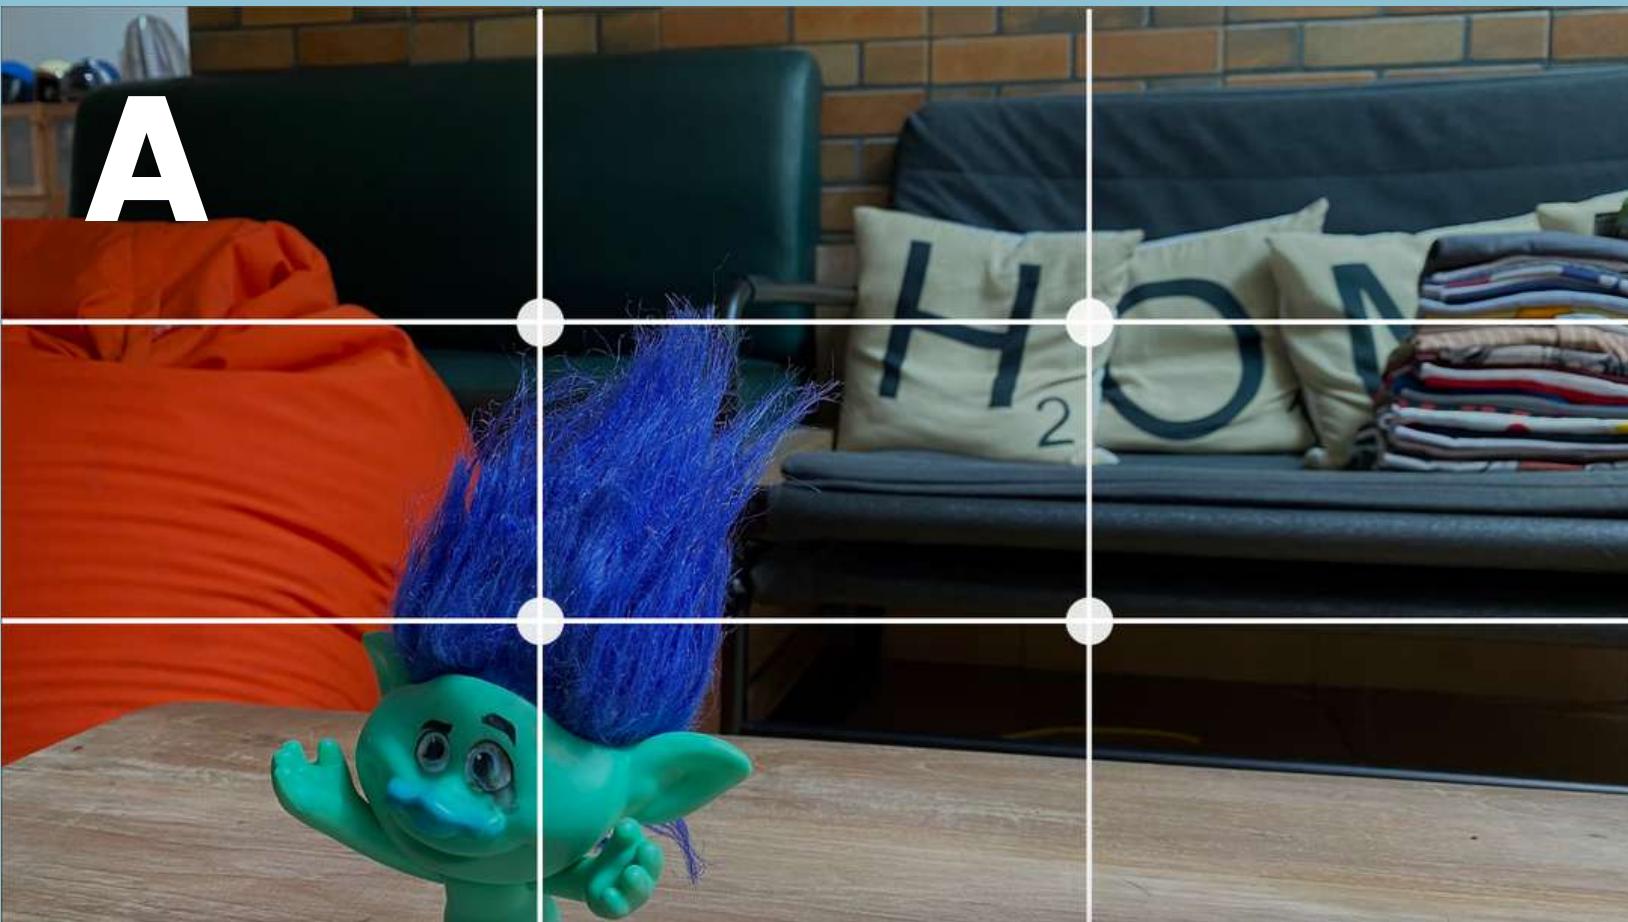

Aktifkan Grid-line di Android

Yang tak memiliki fitur grid line,
bisa memakai aplikasi "open camera"

Tetap Stabil dengan Hand-Held

#Tips 5

Fokus & Pencahayaan

- Tekan 2 detik di bagian subyek yang menjadi fokus, hingga fokus dan pencahayaan terkunci
- Atur pencahayaan terang-gelap

#Tips 6

**Jangan
Zoom**

- Agar gambar tidak goyang dan pecah

#Tips 7

Durasi merekam

- Rekam minimal 7 detik setiap shot (atau sesuaikan kebutuhan)
- Agar tersedia footage untuk memotong dan menyambung saat editing

#Tips 8

Peralatan Pendukung

Perlengkapan Smartphone Videography

Rig

TRRS Jack

LED Light

Shot-gun Mic

Lavalier Mic

Lightning Jack Adapter

Mini-tripod

Tripod

Sequence

- Rangkaian beberapa shot dan atau scene, yang disusun menjadi satu cerita dengan urutan yang logis

2 jenis sequence:

- Diarahkan
- Tidak diarahkan

Sequence berfungsi mempersingkat suatu kegiatan

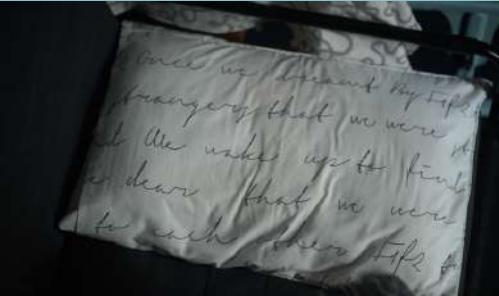

Sequence

Scene1: kamar tidur

Latihan bikin shot dasar

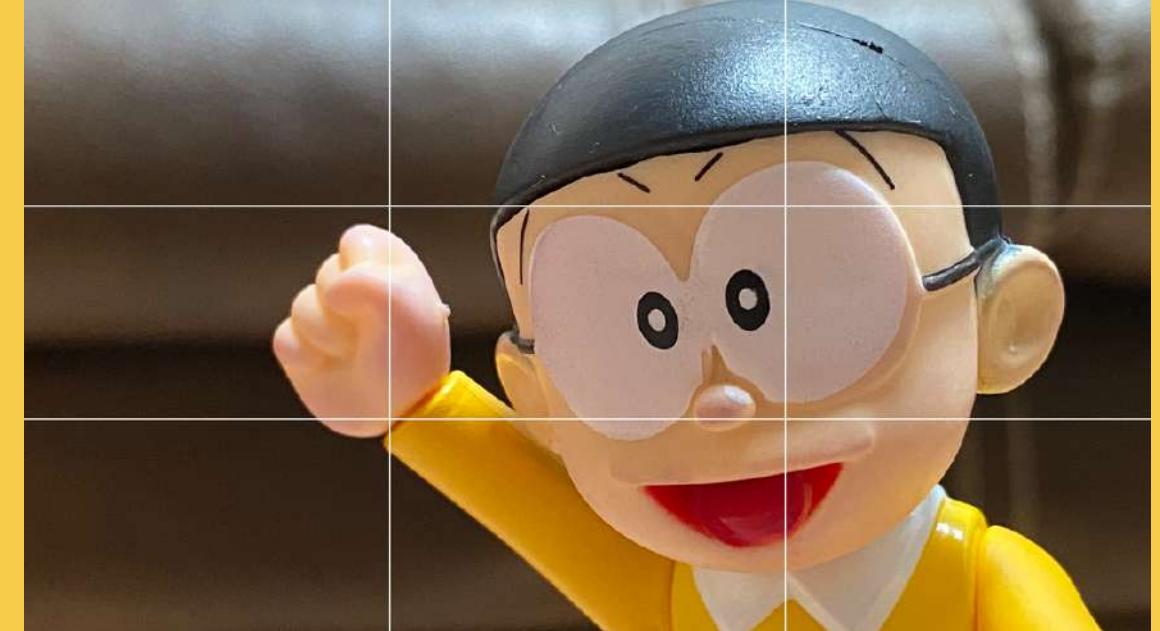

XLS

MLS

CU

Tilt-up

- **Bikin 4 shot video berurutan dengan ukuran & komposisi seperti contoh**
- **Durasi tiap shot 4 detik**

mojo.logy

Apa saja shot-nya?

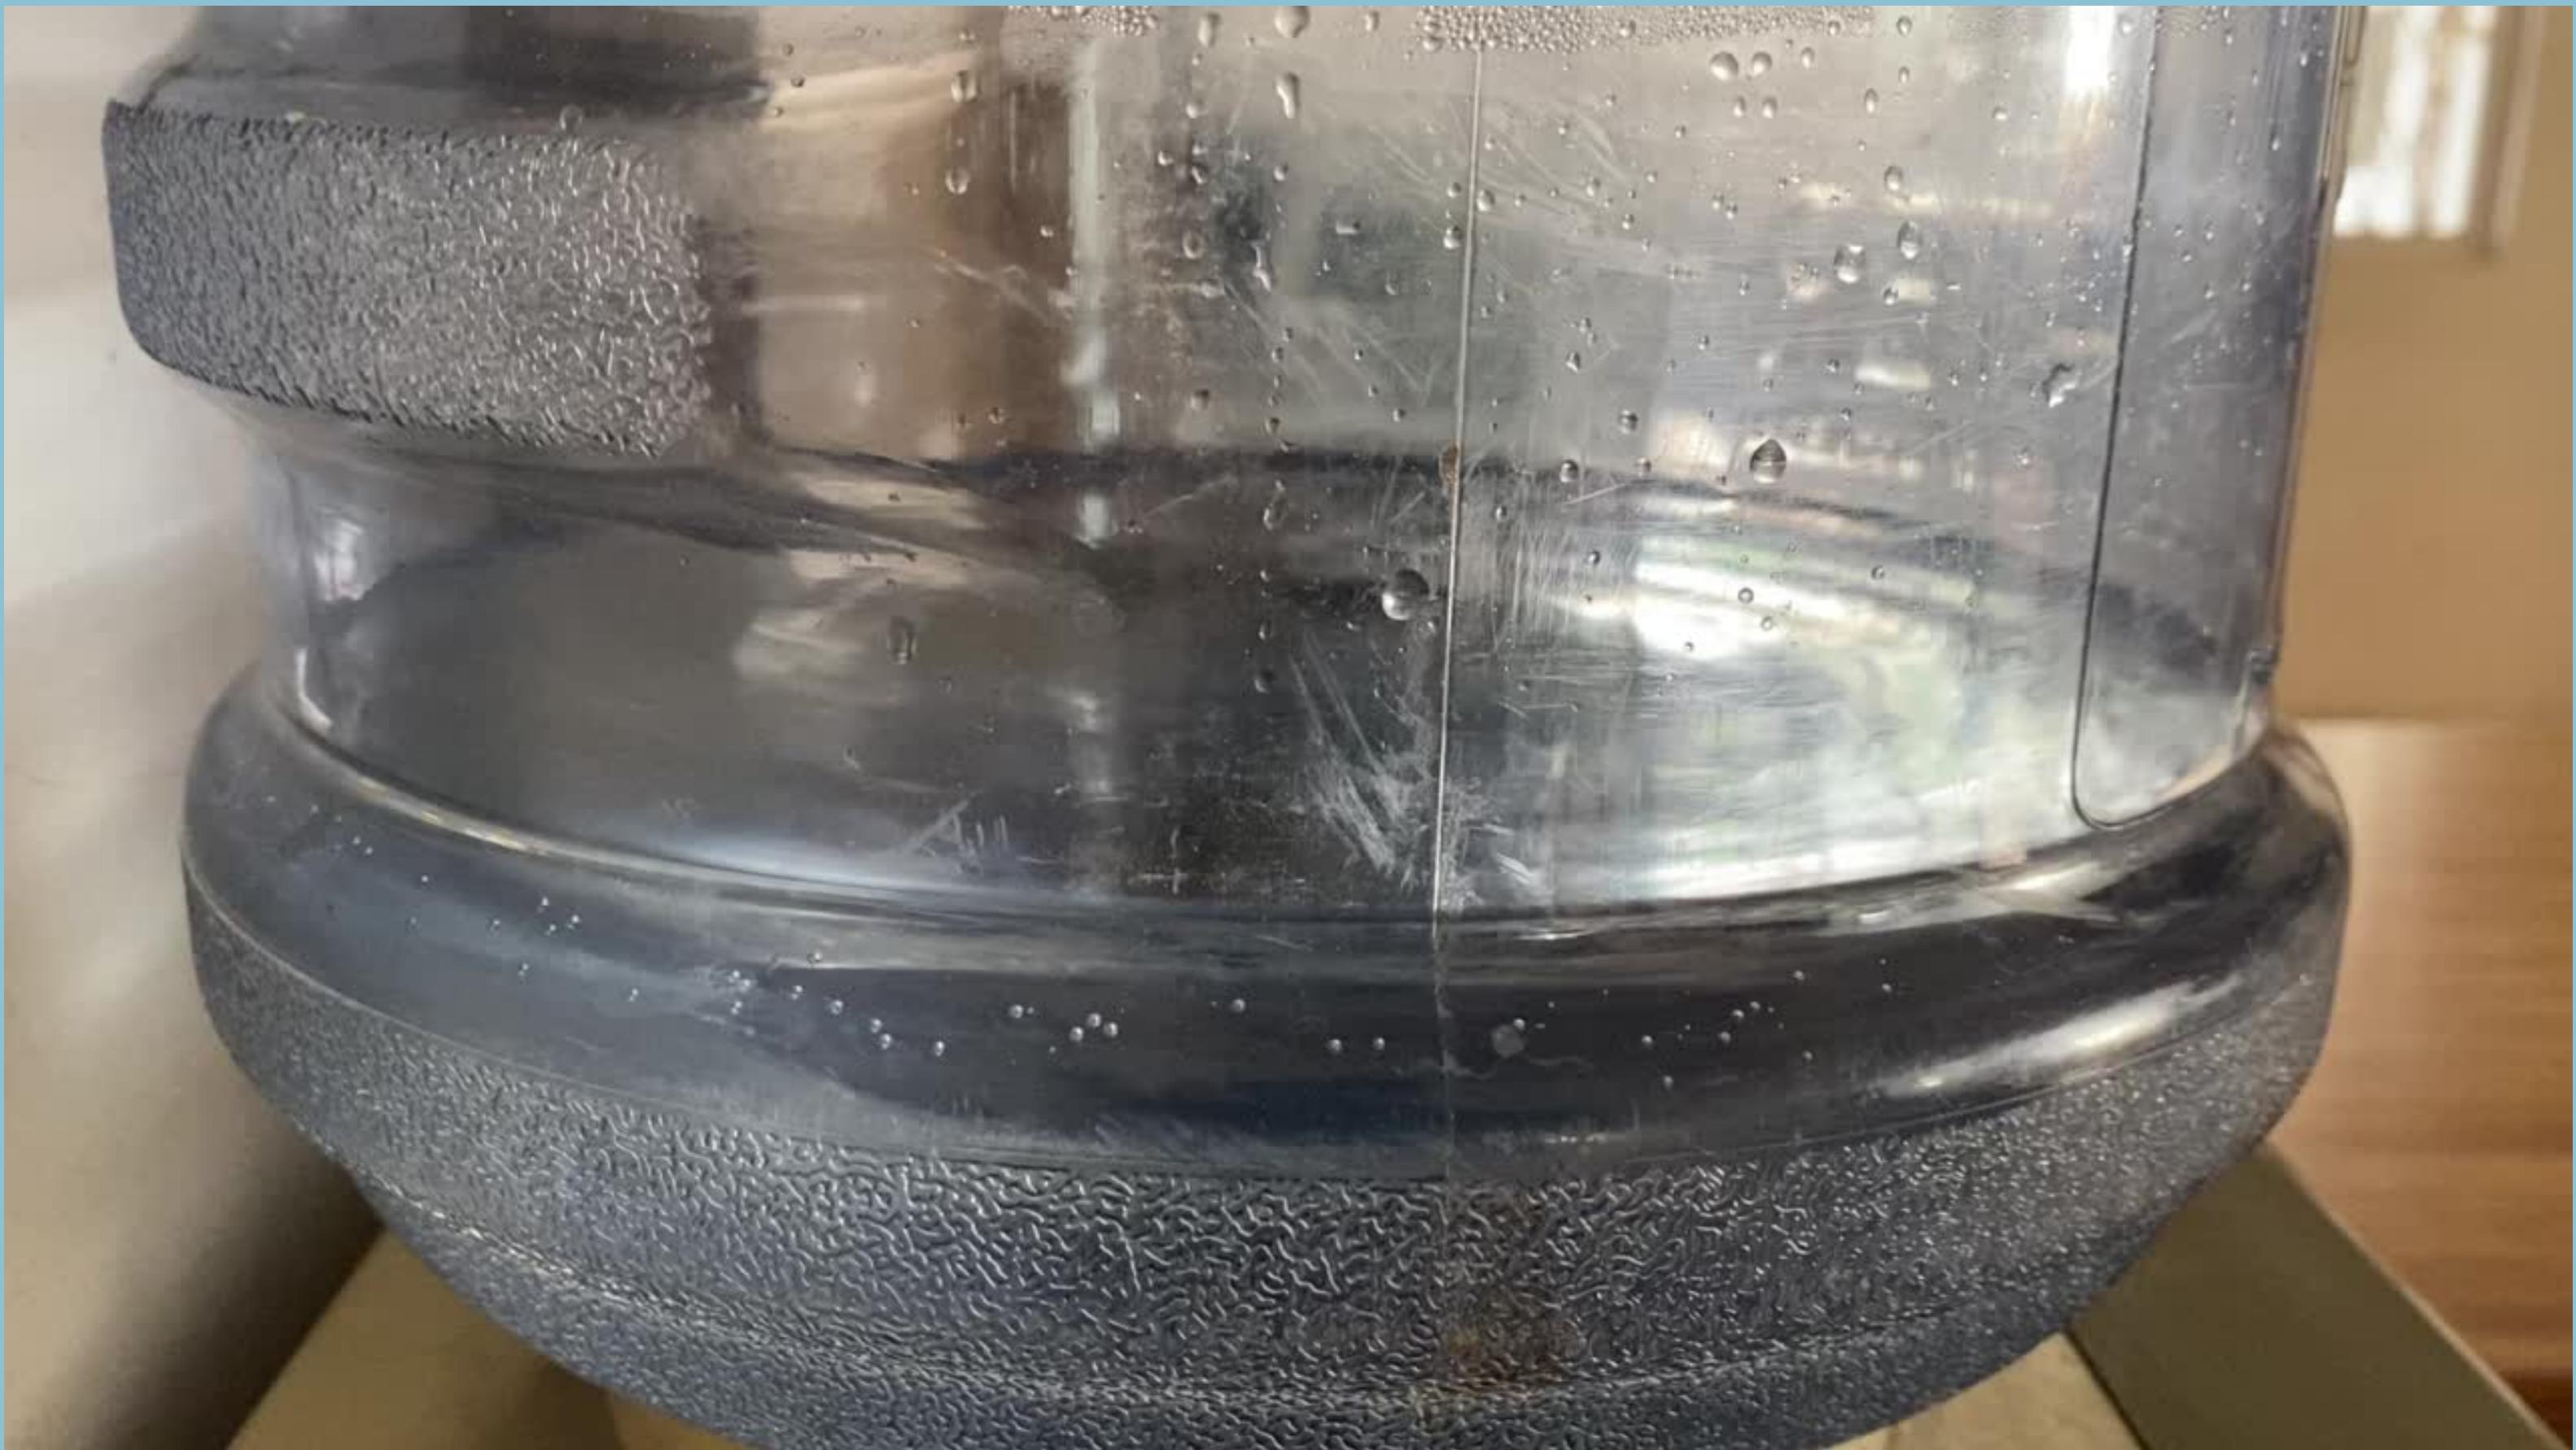

mojo.logy

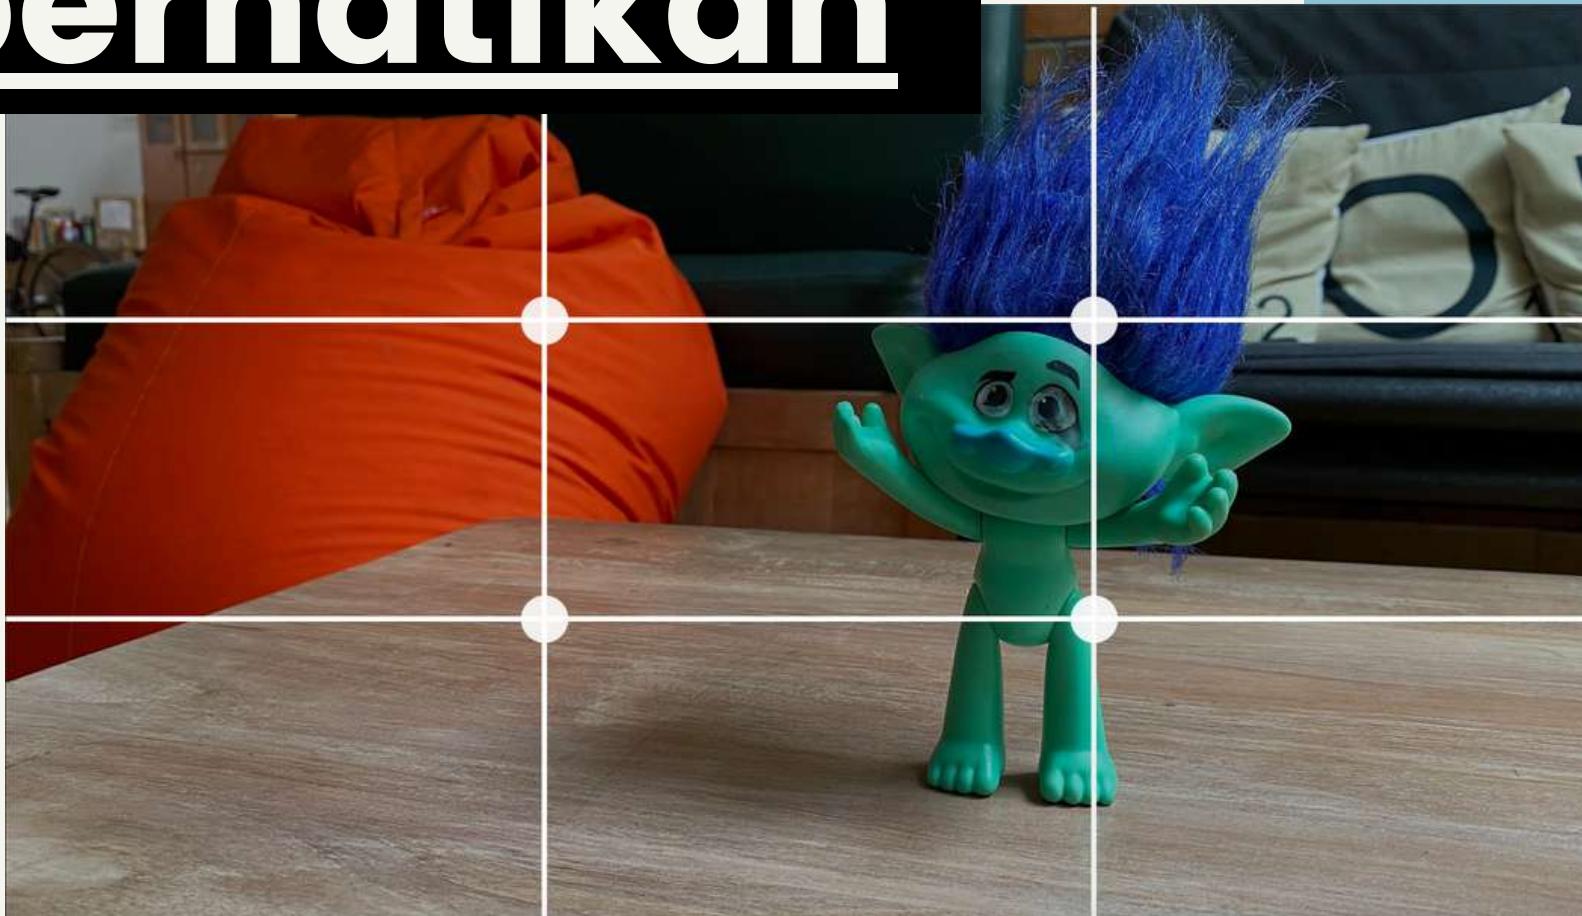

mojo.logy

Yang Perlu Diperhatikan

Cut In

Menunjukkan bagian dari subjek lebih rinci

Intercut

Bagian berbeda dari subjek

Continuity

Kontinuitas gambar dalam sambungan berbagai shot

Cut In dan Intercut

mojo.logy

Gimana kalo tanpa intercut?

mojo.logy

Apa yang aneh dari video ini?

mojo.logy

Apa yang aneh dari video ini?

mojo.logy

Menyeberangi Garis Imajiner

mojo.logy

Sequence yang Tidak Diarahkan

**Ingat, shot
berbeda!**

Latihan Bikin Sequence

- Buat minimal 5 shot landscape/horizontal, yang diarahkan/tidak diarahkan
- Durasi tiap shot 7-10 detik
- Kirim ke Whatsapp Group

5 Building Blocks

Nas Daily Storytelling Class

Intro/hook

Problem

Solution

Call to Action

Outro

**HE'S THE MOST
INSPIRING MAN!**

INTRO/HOOK: Could you change the world with just one finger?

PROBLEM: This is Irfan Hafiz, from Sril Lanka. A man that was bedridden for 17 years, with a rare disease that has no cure that didn't allow him to move anything but his finger

SOLUTION: But his mind was stronger than his body. Even though he couldn't see the outside world, this man was an unstoppable warrior and he invited us to see his world through the books he wrote

CTA: It's not what you are, what you're doing right now. It's what you put your mind to, overcoming obstacles

OUTRO: That's one minute see you tomorrow

Keep it Simple
and Have Fun
